Education

2019–Today **Lund University, Sweden**, Ph.D. Student, Computer Science Department.
2017–2019 **University of Udine, Italy**, Master in Computer Science. Curriculum: Software Verification and formal methods, 110/110 cum laude.
2013–2016 **University of Parma, Italy**, Degree in Computer Science, 106/110.
2008–2013 **Technical Economic Institute Bodoni, Italy**, High school degree, Final grade: 94/100.

Compiler's Related Experience

2024 **Main developer of CAT: Callgraph Analysis Tool**, Open Source Project.
2019 - Today **Contribution to the ExtendJ Java Compiler**, Open Source Project.
2019 - Today **Contribution to the JastAdd Metacompiler**, Open Source Project.
2020 - Today **Main developer of the IntraJ Static Analyser**, Open Source Project.
2020 - Today **Teaching assistant for the course Compilers**, Lund University.
2022-2023 **Teaching assistant for the course Program Analysis**, Lund University.
2021-2022 **Teaching assistant for the course Concepts of Programming Languages**, Lund University.
2019 **RNB-Compiler: front-end and middle-end of a compiler for the RNB language**, University of Udine.
September 2018 **SX2PH:Transpiler from SpaceEx to PHAVer**, University of Udine and University of Parma.
2017 - 2020 **Clang & LLVM contributor**, Open Source Project.
Contribution to the LLVM project Clang-Tidy.

Work Experiences

2015 - 2018 **Software Developer for F.B. Services**, Developed and maintained the company information system, SQL-Server, Visual Basic.
2013 - 2016 **Waiter at Castellazzo Tennis Club**.

Certifications & Awards

March 2024 **ACM Student Research Competition, <Programming>'24**, First Place.
Using Static Analysis to Improve the Efficiency of Static Analysers
October 2019 **Scholarship to attend the LLVM Dev Meeting 2019 conference**, LLVM Foundation, San Jose, California, USA.

- June 2018 **Effective MISRA C**, Certificate released by professor Roberto Bagnara, Bugseng.
April 2019 **Scholarship to attend the EuroLLVM 2019 conference**, LLVM Foundation, Brussels, Belgium.
May 2013 **National Champion of C++ team Olympics (Undergraduate Student)**, I.T.E. Bodoni.

Publications

- October 2024 **Efficient Demand Evaluation of Fixed-Point Attributes Using Static Analysis**, Idriss Riouak, Niklas Fors, Jesper Öqvist, Görel Hedin and Christoph Reichenbach, SLE 2024.
July 2024 **IntraJ: An On-Demand Framework for Intraprocedural Java Code Analysis**, Idriss Riouak, Niklas Fors, Görel Hedin and Christoph Reichenbach, Submitted for publication at JTTT 2024.
August 2022 **JFeature: Know Your Corpus**, Idriss Riouak, Görel Hedin, Christoph Reichenbach and Niklas Fors, SCAM 2022.
October 2021 **A Precise Framework for Source-Level Control-Flow Analysis**, Idriss Riouak, Christoph Reichenbach, Görel Hedin and Niklas Fors, SCAM 2021.
June 2019 **Non-well-founded set based multi-agent epistemic action language**, Fabiano Francesco, Riouak Idriss, Agostino Dovier and Enrico Pontelli, CILC 2019.
June 2019 **Category Report: Hybrid Systems with Piecewise Constant Dynamics**, Goran Frehse et al., ARCH-COMP 2019.

Invited Talks

- June 2024 **IntraJ: An On-Demand Framework for Intraprocedural Java Code Analysis**, *Challenges of Software Verification 2024*, Ca' Foscari University, Venice.
June 2022 **Source-Level Dataflow-Based Fixes: Experiences From Using IntraJ and Magpiebridge**, Berlin, PRIDE Workshop.
October 2021 **A Precise Framework for Source-Level Control-Flow Analysis**, *Virtual*, ROSE Workshop.

Thesis

- March 2023 **Licentiate Thesis: Declarative Specification of Intraprocedural Control-flow and Dataflow Analysis**, Lund University, Opponent: Alexandre Bartel.
June 2019 **Non-well-founded set based multi-agent epistemic action language**, University of Udine, Supervisor: Agostino Dovier, Co-supervisor: Francesco Fabiano.
Dic 2016 **A Study on the Effectiveness of Automatic Checkers for Modernizing C++ Code**, University of Parma, Supervisor: Enea Zaffanella.

Extra Courses

- July 2023 **Oregon Programming Languages Summer School**, Types, Semantics, and Logic.
September 2022 **Summer School on Software Testing and Verification**, Security, Verification, Static Analysis and Testing, Leuven, Belgium.
August 2022 **Synthesis of Human Communication**, Norrköping, Sweden.
August 2021 **Programming Languages Implementation Summer School**, Programming Languages Implementation, Virtual.
July 2020 **Autonomous System Summer School 2020**, Virtual.

Languages

- Italian **Native Speaker.**
English **Proficient in professional English communication.**
Swedish **Basic.**
